Education

Manhattan University — Riverdale, NY

B.S. in Computer Engineering | Expected May 2030

James Patterson Honors Program Scholarship (\$2,000) | Trustee Scholarship (\$33,000) | Jasper Promise Award (\$5,000) | John E. Hogan '40 Scholarship (\$3,000)

Relevant Coursework: Honors Calculus I, Physics I with Lab, Introduction to Engineering

Honors and AP: AP Computer Science A (Score: 5) | AP Computer Science Principles (Score: 5)

Technical Skills

Programming Languages: Java, Python, HTML, CSS, JavaScript, Brython

Tools & Technologies: VS Code, GitHub, CodeHS

Projects (Links Available on Website Above)

Study Tracker Website (HTML, CSS, JavaScript)

- Developed a personal study tracker using HTML, CSS, and JavaScript to organize assignments and monitor study progress.

Senior Capstone Website (HTML, CSS, JavaScript)

- Designed and developed an interactive website using HTML, CSS, and JavaScript to communicate research on AI's impact on social media.

Crossy Road-Inspired Game (Brython)

- Developed a Crossy Road-inspired game in Brython by implementing player movement, obstacle generation, collision detection, and scoring mechanics.

Green Day Fan Website (HTML, CSS)

- Designed a responsive fan website using HTML and CSS to organize multimedia content and improve navigation.
-

Professional Experience

Lifeguard — Highland Lakes Country Club — Highland Lakes, NJ

May 2024 – Aug 2025

- Maintained swimmer safety in a fast-paced environment.

Lifeguard — Crystal Springs Resort — Hamburg, NJ

Jul 2023 – Present

- Monitored swimmers and enforced safety procedures to ensure a safe environment for guests.

Employee — Brennan's Florist — Jersey City, NJ

Sep 2022 – Present

- Assisted customers and supported daily business operations.
-

Leadership & Activities

President, Girls Who Code

- Revived the chapter by organizing coding workshops and encouraging members to contribute to programming the FIRST Tech Challenge robot.

President, NASA HUNCH Design & Prototype

- Led the team's participation in engineering design and prototyping projects.

Founding Member & Lead Programmer, FIRST Tech Challenge Robotics Team

- Recruited new members, tripling the team size while leading robot programming efforts, including constructing autonomous algorithmic logic and motion routines.

Team Captain, Varsity Swim

- Motivated teammates and helped coordinate practices and team communication.
